MEMORANDUM FOR DISTRIBUTION

SUBJECT: 10th National Computer Security Conference Call for
           Papers - ACTION MEMORANDUM

1.   The 10th National Computer Security Conference will be
held 21 - 24 September 1987 in Baltimore. We would like you to
encourage as many employees in your organization as possible to
submit papers for presentation at the Conference. The theme of
this year's Conference is "Computer Security: From Principles to
Practices." This year we plan to accentuate practices,
especially as they relate to principles articulated in such
guidance as the Orange Book. We are confident that your Agency's
ideas and insights would be of great interest and benefit to the
rest of the Computer Security community.

Attached you will find a copy of the revised Call for
Papers, which extends the deadline for submission of abstracts or
papers to 15 March 1987. If you have any questions, please
STAT   contact either [   ] at (301) 859-4506 or [   ]
        (301) 859-4450. Thank you for your interest, and we look forward
        to receiving and reading your papers.

Revised call for papers...

10TH NATIONAL COMPUTER SECURITY CONFERENCE

21 - 24 September 1987
Baltimore Convention Center, Baltimore, Maryland

Sponsored by the National Computer Security Center
and the National Bureau of Standards

Because of a heavier-than-anticipated response, the deadline for submission of abstracts has been extended. New deadlines are as follows:

15 March 1987:
By this date, please submit four copies of a two to four page detailed abstract or draft paper, including the name, address, and telephone number of the author(s), to:

Computer Security Conference
c/o Robyn Winder, ATTN: C1
National Computer Security Center
9800 Savage Road
Fort George G. Meade, MD 20755-6000

15 April 1987:
Speakers selected to participate in the conference will be notified by this date.

1 May 1987:
The deadline for submitting final papers remains 1 May 1987.

June 1987:
The conference brochure will be published. Please register as soon as possible using the registration form that will be enclosed in the brochure.

In order to present a more varied program, the conference will be divided into two tracks of information: technical and general. The submission of papers on the following topics is encouraged:

Building Secure Applications
- Defining and Specifying Computer Security Requirements
- Engineering Security into Systems
- Building on Trusted Computing Bases
- Retrofitting Computer Security
- Integrating Computer Security Products

Innovations and New Products
- New Views on Computer Security
- Add-on Security Products
- LAN Security
- Value vs. Vulnerability
- Audit Reduction Tools
- Software Analysis Tools
- Personal Identification and Authentication Technology

Research and Development
- Data Base Security
- Network Security
- New Criteria Development (Networks, DBMS, Sub-systems, et al.)
- Technology Forecasting
- R&D Capabilities--What is Needed?
- Verification, Validation, and Testing

Evaluation and Certification
- Standards and Guidelines
- Environmental Factors
- The Future of the Evaluated Products List
- INFOSEC-Integrating COMSEC and COMPUSEC

Management and Administration
- Access Control
- Experiences in Operations
- Auditing and Accountability
- Risk Management Methodologies
- Disaster Recovery and Planning
- Small Systems Security

Security Education and Training
- New Concepts in Education
- Vendor Training
- Evaluator Training
- Management Training
- Computer Security Awareness in the Workplace

****

FOR ADDITIONAL INFORMATION: PLEASE CONTACT LINDA MUZIK (301) 859-4506. We hope to see you in Baltimore this year!
